THE FEATHERS ASSOCIATION

Press Release

01/12/2022

CHANGES TO EXECUTIVE STRUCTURE

The Feathers Association today announces the following changes to our executive structure.

Following a period as both Chair of the Board and Chief Executive, David Jones has stepped down from the position as chair in order to continue as The Feathers Association Chief Executive on a permanent basis.

Lionel Bunting will now move from his position of Vice-Chair to take on the role as our new Chair Of Trustees.

Both changes come into effect as of today (Thursday 1st December 2022).

The Feathers Association continues to embark on an exciting period of growth and we are pleased to have secured the long-term leadership and governance structures of the charity.

The board would like to place on record our tremendous gratitude to David for his tireless work in both roles and looks forward to supporting him as he continues to drive the charity's exciting vision as our permanent Chief Executive.
